WORK EXPERIENCE

--Sabina's Academy

Frontend mentor in Sabina's Academy. I taught there for 2 months

--IQRO company

*I worked as a Backend (Node.js) trainee for 2 months at iqro company.
have done complex fields in several real projects!*

--LinCor company

*As a Backend(Node) programmer LinCor at company, we did the [LinCor](#)
(Online Korean Language) project together with the senior team.*

--LinCor company

*The next thing we did with our LinCor team was the [Neevoo](#) project
where I worked as a team leader and we implemented the Backend part
with a huge team of 8 people.*
